

For an Up-Coming **Bride OR Prom Attendee:**

I will **charge \$75.00 for Every Hour** that I am **working on** your Bridal/Prom gown.

For the fact that I am charging \$75.00 an hour for the gown means that I start the clock and will stop the clock when I am working directly on your gown. So the reality is that once it is completed; you might just be paying for 3 hours Total; which is \$150 AS AN EXAMPLE.

Must schedule appointments **2 Months in advance.**

Consultations are Free.

Gown must be clean.

If the garment is NOT Your Size/Too Small then a **new price** is going to be **discussed**, and then added to my **hourly fee**.

******Minors****** will be accompanied by a parent or guardian, No Exceptions.

********If you are over 18yrs old, you must have present: Friend/Parent/Bride's Maid, No Exceptions.

Schedule a time for a fitting at your home.

Agree to **Not** make phone calls or text messages while your gown is with me; my work doesn't go any faster than what is there. Plus, I'm taking precautions every step of the way for Your Day.

Make sure you **have the shoes** that you are going to wear for that day with the gown.

If you agree to this please sign:
